Part 3: What Interests you?

For the final part of the 2020 Programming Outreach you will find a topic in technology you are interested in and write a short essay on how you would go about trying to work in that field.

Questions to answer
1. What is the technology you are writing about? Briefly describe what it is.
2. What problem does this technology solve?
3. Why do you find it interesting?
4. How would you go about trying to work on this technology, i.e. school, special training, etc.
